

National Society of Black Engineers
South Houston Jr. Chapter
2024-2025 Corporate Partner Form

GREETINGS!

The National Society of Black Engineers was founded in 1975 at Purdue University by six students known as the Chicago Six. NSBE was created because there was a need to support blacks pursuing degrees in the field of engineering. NSBE has grown to be the largest student run organization, with over 30,000 members. All of our activities support our mission:

To increase the number of culturally responsible black engineers who excel academically, succeed professionally, and positively impact the community.

PRE-COLLEGE INITIATIVE (PCI) PROGRAM

NSBE has a Pre-College Initiative program called NSBE Jr. A NSBE Jr. Chapter consists of middle and high school students who also help serve the NSBE Mission. In 2008, the South Houston NSBE Jr. Chapter was chartered in Houston, Tx. In 2009, the chapter opened its membership to over 40 new members and 30 other student participants. Since then, the chapter has continued to grow in all aspects!

(Chapter Photo from National Convention in Toronto, Canada)

The South Houston NSBE Jr. Chapter of the National Society of Black Engineers would like to extend a sincere thank you to our ongoing supporters. We would also like to recognize our new supporters. The success of our events is limited without your support. If there is anything that we can do to assist you, please do not hesitate to contact us directly. We look forward to working with you in the near future!
